### **Facts Common to All Counts**

#### **A. The History of The RooR Brand.**

9. Martin Birzle is an award-winning designer and manufacturer of smokers' products. Based in Germany, since 1995, Mr. Birzle marketed and sold products using the trademark "RooR." The RooR branded products, such as borosilicate jointed-glass water pipes, parts, and accessories related thereto, are widely recognized internationally and are highly renowned for their ornate and innovative characteristics. Indeed, the RooR brand is one of the leading companies in the industry, and has garnered numerous awards and recognition for its innovative products and designs.

10. For nearly two decades, Mr. Birzle worked to distinguish the RooR brand as the premier manufacturer of glass water pipes by emphasizing the brand's unwavering use of quality materials and focusing on scientific principles which facilitate a superior smoking experience. RooR branded products embody a painstaking attention to detail, which is evident in many facets of authentic RooR branded products. It is precisely because of the unyielding quest for quality and unsurpassed innovation that RooR branded products have a significant following and appreciation amongst consumers in the United States and internationally.

11. As a result of the continuous and extensive use of the trademark "RooR," Mr. Birzle was granted valid and subsisting federal statutory and common law rights to the RooR

trademark. Mr. Birzle then assigned to RooR Int'l all the rights associated with the RooR trademark, retroactively. The retroactive assignment to RooR Int'l was duly recorded with the United States Patent and Trademark Office on January 10, 2018. A copy of the assignment recordation is attached hereto as Exhibit "A."

12. RooR Int'l is the owner of United States trademarks which are registered on the Principal Register and have become incontestable within the meaning of Section 15 of the Lanham Act, 15 U.S.C. § 1065. The following is a list of RooR Int'l's federally registered and common law trademarks:

- a. U.S. Trademark Registration Number 3,675,839 for the word mark "RooR" and its logo in association with goods further identified in registration in international class 034.
- b. U.S. Trademark Registration Number 2,307,176 for the word mark "RooR" and its logo identified below in association with goods further identified in the registration in international classes 025 and 034.
- c. U.S. Trademark and Registration Number 2,235,638 for the word mark "RooR" and its logo identified below in association with goods further identified in the registration in international class 021.
- d. Common law and unregistered state law rights in the following variants of the registered "RooR" trademarks:

(hereinafter collectively the “RooR Marks”). A copy of the USPTO registrations is attached hereto as Exhibit “B.”

**B. The RooR Brand in the United States.**

13. Sream is a California corporation that has manufactured glass products and various smokers’ articles, including water pipes, for nearly a decade. Additionally, since 2013, Sream has been the exclusive licensee for the RooR Marks within the United States.

14. Pursuant to a licensing agreement between Sream and Mr. Birzle (hereinafter the “License Agreement”), Sream has used the RooR Marks in commerce throughout the United States continuously since 2013, in connection with the manufacturing of smokers’ products. See License Agreement attached hereto as Exhibit “C.”

15. RooR Int’l, as the current owner of the RooR Marks, ratified the License Agreement under the same terms and conditions on March 7, 2018. A copy of the ratification agreement is attached here to as Exhibit “D.”

16. Under the License Agreement, Sream also advertises, markets, and distributes water pipes, parts, and accessories related thereto and other smokers’ articles in association with the RooR Marks. All of these activities are conducted in accordance with the highest standards and policies maintained by RooR Int’l to control the quality of the RooR Brand.

17. Also pursuant to the License Agreement, Sream has been granted all rights to sue to obtain damages and injunctive relief for past and future infringement of the RooR Marks in the United States (hereinafter the “Enforcement Rights”). The License Agreement provides that the Enforcement Rights granted to Sream under the License Agreement are tantamount to those of an assignee, as contemplated by trademark law. The License Agreement also appoints Sream as the trademark owner’s legal representative to police and enforce all rights in the RooR Marks

within the United States. See License Agreement attached hereto as Exhibit "C."

18. The RooR Marks are distinctive to both the consuming public and the Plaintiffs' trade. Sream's RooR branded products are made from superior materials – glass that is nearly unbreakable – and are hand-blown by individual artists. RooR Int'l has maintained, and demanded of Sream, the same standards that made RooR a recognizable high quality brand. The superiority of RooR branded products is not only readily apparent to consumers, who yearn for the RooR brand's higher quality glass in the marketplace, but to industry professionals as well. The unique style and functional superiority of the RooR brand has earned it accolades in leading trade magazines and online publications and has made the RooR Marks synonymous with high quality products.

19. Since 2013, Sream has worked in conjunction with Mr. Birzle and now RooR Int'l to build significant goodwill in the RooR brand in the United States. Together, the Plaintiffs have spent substantial time, money, and effort in developing consumer recognition and awareness of the RooR brand via point of purchase materials and displays, through their websites, by attending industry trade shows, and through social media promotion. A wide array of websites, magazines, and specialty shops include advertising of RooR branded products, which are immediately identifiable.

20. Sream sells its products under the RooR Marks to its authorized distributors in the United States, including in Texas. Sream has over a thousand authorized distributors nationwide which include retail stores specializing in smoker's products. As such, RooR branded products reach a vast array of consumers ranging from the most sophisticated tobacco connoisseurs to novice smokers.

21. It is because of the recognized quality and innovation associated with the RooR

Marks that consumers are willing to pay higher prices for genuine RooR branded products. For example, a RooR brand 45 cm water pipe retails for \$300 or more, while a non-RooR branded product of equivalent size will usually sell for less than \$100. As such, sales of products bearing the RooR Marks in the United States have been in excess of five million dollars (\$5,000,000) for the last three years.

22. It is exactly because of their higher sales value that RooR branded products are targeted by counterfeiters. These unscrupulous people and entities tarnish the RooR brand by unlawfully selling water pipes that have identical, or nearly identical, versions of the RooR Marks affixed to products that are made with inferior materials and technology. Thereby leading to significant illegitimate profits by store owners, such as the Defendants. In essence, the Defendants mislead consumers by offering them low grade products that free ride on the goodwill of the RooR brand, and in turn, the Defendants reap substantial ill-gotten profits. The Defendants' conduct contributes to the complete flooding of the marketplace with counterfeit products, which results in lost sales and damages to the Plaintiffs and irreparable harm to the RooR brand's image.

23. Unfortunately, the current U.S. marketplace is saturated with counterfeit products – like those the Defendants have offered for sale. As such, the Plaintiffs have been forced to scrupulously enforce their rights in order to protect the RooR Marks against infringement. By exercising its Enforcement Rights, Sream, with the cooperation of RooR Int'l, has proactively and successfully policed the unauthorized use of the RooR Marks and/or counterfeit RooR branded products nationwide. The Plaintiffs have had to bear great expense to seek out and investigate suspected counterfeiters in their attempt to clean up the marketplace. In many instances, the Plaintiffs have had to seek redress from the courts in order to effectuate to enforce

their rights in the RooR Marks.

### **Defendants' Counterfeiting and Infringing Activities**

24. The Defendants have, without consent of the Plaintiffs, offered to sell within the United States, including within this judicial district, water pipes that were neither made by the Plaintiffs nor by a manufacturer authorized by the Plaintiffs (hereinafter the "Counterfeit Good(s)"). Nevertheless, the Defendants offered for sale, in commerce, Counterfeit Goods using reproductions, counterfeits, copies and/or colorable imitations of one or more of the RooR Marks (hereinafter the "Infringing Mark"). Photos of the Defendants' offer for sale of counterfeit RooR products is attached hereto as Exhibit "E."

25. HOW HIGH used the RooR Marks by offering for sale unauthorized copies of RooR branded products. HOW HIGH's offer for sale of Counterfeit Goods bearing the Infringing Mark in this manner was and is likely to cause confusion or to cause mistake and/or deceive consumers who purchase the Counterfeit Goods.

26. JOHN DOE authorized, directed, and/or participated in HOW HIGH's offer for sale, in commerce, of Counterfeit Goods bearing the Infringing Mark. JOHN DOE's acts were a moving, active, and/or conscious force behind HOW HIGH's infringement of the RooR Marks.

27. The Defendants' use of the Infringing Mark began long after Mr. Birzle obtained the trademark registrations alleged above, and after Sream's license and subsequent adoption and use of the RooR Marks. Neither the Plaintiffs nor any authorized agents have consented to the Defendants' use of the RooR Marks, or any use of reproductions, counterfeits, copies and/or colorable imitations thereof.

28. The Defendants used images and names identical to or confusingly similar to the RooR Marks, to confuse customers and aid in the promotion and sales of Counterfeit Goods under the Infringing Mark.

29. The Infringing Mark affixed to the Counterfeit Goods that the Defendants have offered for sale is confusingly identical or similar to the RooR Marks that Sream affixes to its water pipes.

30. The water pipes the Defendants offer for sale and sells under the Infringing Mark are made of substantially inferior materials and inferior technology as compared to genuine RooR brand products.

31. HOW HIGH has offered for sale, under the authority, direction and/or participation of JOHN DOE, its water pipes under the Infringing Mark through its retail store specializing in smoker's products.

32. HOW HIGH has offered for sale its Counterfeit Goods under the Infringing Mark through point of purchase displays.

33. The Defendants' infringing acts as alleged herein are likely to cause confusion, mistake, and deception among the relevant consuming public as to the source or origin of the Counterfeit Goods offered for sale by the Defendants, and are likely to deceive the relevant consuming public into mistakenly believing that the Counterfeit Goods offered for sale by HOW HIGH originate from, are associated or affiliated with, or are otherwise authorized by RooR Int'l and/or Sream.

34. HOW HIGH's acts are willful with the deliberate intent to trade on the goodwill of the RooR Marks, cause confusion and deception in the marketplace, and divert potential sales of authentic ROOR water pipes to HOW HIGH. At a minimum, HOW HIGH was intentionally

blind to the likelihood of confusion.

35. JOHN DOE actively, knowingly, and intentionally adopted and used the Infringing Marks with the intent to trade on the goodwill of the RooR Marks, cause confusion and deception in the marketplace, and divert potential sales of authentic ROOR water pipes to the Defendants.

36. JOHN DOE's acts were a moving, active, and conscious force behind HOW HIGH's infringement of the RooR Marks.

37. JOHN DOE personally engaged in tortious conduct within the state of Texas.

38. The Defendants' acts are causing and, unless restrained, will continue to cause damage and immediate irreparable harm to the Plaintiffs, the RooR Marks, and to its valuable reputation and goodwill with the consuming public for which the Plaintiffs have no adequate remedy at law.

39. As a proximate result of the unfair advantage accruing to the Defendants' business from deceptively trading on the Plaintiffs' advertising, sales, and consumer recognition, the Defendants have made and will continue to make substantial profits and gains to which they are not in law or equity entitled.

40. The injuries and damages sustained by the Plaintiffs have been directly and proximately caused by HOW HIGH's wrongful offers for sale, authorized by JOHN DOE, of their goods bearing infringements or counterfeits of the RooR Marks.

41. The Defendants' offer for sale of Counterfeit Goods under the Infringing Mark has resulted in lost business opportunities, customers, contracts, and sales to the Plaintiffs.

42. Through such business activities, the Defendants purposefully derived direct benefits from its interstate commerce activities by targeting foreseeable purchasers in the State of

Texas, and in doing so, have knowingly harmed the Plaintiffs.

43. By its wrongful conduct, the Defendants have traded upon and diminished the goodwill of the RooR Marks. Furthermore, the offer for sale of Counterfeit Goods by HOW HIGH, authorized by JOHN DOE, has infringed upon the above-identified federally registered trademarks.

44. The spurious marks or designations used by the Defendants in interstate commerce are identical with, or substantially indistinguishable from, the RooR Marks on goods covered by the RooR Marks. Such use therefore creates a false affiliation between the Defendants and the Plaintiffs, and the RooR Marks.

45. Due to the actions of the Defendants, the Plaintiffs have been forced to retain the undersigned counsel, and the Defendants is responsible for paying its reasonable costs of the action.

46. The Defendants' acts have damaged, and will continue to damage the Plaintiffs, and the Plaintiffs have no adequate remedy at law.

47. The Defendants' wrongful acts will continue unless enjoined by the Court. Accordingly, the Defendants must be restrained and enjoined from any further counterfeiting or infringement of the RooR Marks.

51. The Defendants, without authorization from the Plaintiffs, have used in commerce spurious designations that are identical with, or substantially indistinguishable from, the RooR Marks on goods covered by the registrations for the RooR Marks.

52. The Defendants' unauthorized use of counterfeit marks of the registered RooR Marks on and in connection with HOW HIGH's offers for sale in commerce, under the authorization, direction and/or participation of JOHN DOE, is likely to cause confusion or mistake in the minds of the public and, in particular, tends to, and does, falsely create the impression that the water pipes offered for sale by HOW HIGH originated with, are authorized, sponsored or approved by Sream and/or RooR Int'l when, in fact, it is not.

53. The Defendants' unauthorized use of the RooR Marks as set forth above is likely to: (a) cause confusion, mistake and deception; (b) cause the public to believe that the water pipe offered for sale by HOW HIGH is the same as Sream's water pipes or that the water pipes offered for sale by HOW HIGH are authorized, sponsored, or approved by Sream and/or RooR Int'l, or that the Defendants are affiliated, connected, or associated with or in some way related to Sream and/or RooR Int'l; and (c) result in the Defendants unfairly benefiting from the

60. 61. By reason of the foregoing, the Plaintiffs are entitled to, among other relief, injunctive relief, an award of statutory damages, and costs of the action under Sections 34 and 35

of the Lanham Act, 15 U.S.C. §§ 1116, 1117, together with prejudgment and post-judgment interest.
